All classroom sessions are held at The Ohio State University Waterman Farm Complex  
Wittmeyer Conference Room. 2490 Carmack Road, Columbus, Ohio

**In accordance with university guidelines, all participants should be vaccinated and wear a mask. Masks will be available if needed.**

*Topics to be covered:*

*An overview of beekeeping from the beginning to now.*

*How to get started - basic equipment, hive placement and getting your bees.*

*The basics of bee biology – workers, drones and queens. The social structure and colony life.*

*Hive management – Spring, summer, fall and overwintering.*

*Ohio Apiary Laws, Threats to honeybees – Pests, disease, mites and us.*

*Lessons from the hive – Management mistakes by new beekeepers from the inspector.*

*Introduction to the COBA Bee yard.*

*The final class will include a demonstration of installing bees and inspecting and overwintered hive at a local bee yard on a Saturday in April. TBD based on weather.*
